Quotation for replacing fencing around the play area in Teddington

After inspecting the play area and the fencing that is there, I can confirm the following work needed and I have enclosed two prices for constructing the fence in two different ways.

First Price.

1. Before we can start work on the fencing we would need to remove some low branches, brambles and other greenery to gain access to the old fence.
2. Remove old fencing from the site.
3. The fencing would be constructed using 125mm x 75mm posts 3.6 meters apart, 1 top rail 88mm x 38mm x 3.6 meter with stock fencing below
4. Two new gate post 180mm x 180mm and field gate

Cost for the above £9200.00

The low branches that we would need to remove to start work we could,

1. Chip up and leave so as to be used on site or for local residents to use £200 extra
2. Remove all branches etc from site £500 extra

Second Price.

1. Before we can start work on the fencing we would need to remove some low branches, brambles and other greenery to gain access to the old fence.
2. Remove old fencing from the site.
3. The fencing would be constructed using 125mm x 75mm posts 3.6 meters apart with an extra support post in the middle, 1 top rail 88mm x 38mm x 3.6 meter with stock fencing below
4. Two new gate post 180mm x 180mm and field gate

Cost for the above £12050.00

The low branches that we would need to remove to start work we could,

1. Chip up and leave so as to be used on site or for local residents to use £200 extra
